PUBLISHER'S NOTICE,	ł
HIS WORK was commenced in November, 1864, the computation of the author then	ł
1864 the sommers in a state of	ı
and comparestion of the Sulphor Chen	l
cally that it could be combrided in one thorsand	r.
our hundred pages, and would occupy two	L
Marie The State of the County Charles	Г
exrs. Many unlooked for obstructions, chiefly	ı
A Typographical nature, materially retarded	ŀ
ne progress of the work in the first instance,	
Hadden or the work in the man historics	
ad these being overcome, the author discover.	4
that he had underestimated the extent and	-
le immortance of the most to 1 1 1 1	
e importance of the vast task he had under-	1
ken, and that it would occupy fully double	
te time and space which he had at the outset	
Several of the part of the ontres	
mputed.	

The publication of a work of such magnitude,	
and presenting so many and such varied obsta-	
les, schlom fulls to the limited resources of one	
ingle individual, as occurs in this case. The	
liest part of the work is now issued, partly at	
he request of the author and partly to afford	
he Foreign Community of China an oppor-	
unity of autondian that in the opport	
muity of extending that assistance to the	
publisher, which under the circumstances is	
anally so freely accorded.	
The Price of the book complete will be \$30.	
nd it will be published in four parts at 37.50	
ach. But this objection presents itself to the	
tie of the parts separately, should the purchaser i	
one or more parts not take the others .	
umber of incomplete, and consequently value.	
an, copies will be left on the publisher's hands.	
o remedy this objection, in consideration of	
he circumstances already alluded to, is hoped	
at theme who land fit to materials it.	

The price of the book complete will be \$30

and it will be published in four parts at \$7.50

Extracts. Trow the English Navy is Managed. The following is taken from an article, by Capt. S. Osborn, in the Fortpightly Review:— General made the instructions to, as well To day we stand with an armoured broad at the conduct of its notive fleet accord political. side fleet, unseaworthy in the main-us forcign cruisers, defective and weak against the Government. He is responsible for its estimates forces of Russia in the Baltic, and America on the other side of the Atlantic. We can hardly point of efficiency and force with that of foreign man our petty squadrons of to-day, and our re-serve of sailors only exists on paper, to cope, in the event of a sudden war, with the splendid machinery by which the Emperor Napoleon can march sixty thousand men of his marine on all extensions of royal arsenals, dockyards, ect. bind the French fleet. And the last scheme for what was said to be an increased "flow of promotion" amongst the executive officers of the navy only resulted in giving cansiderable patronage to a Whig Government, and left the officers stagnating rather more than before. Now, for all this and much more, we hold the Admiralty responsible—the system, be it remembered, not the men, being in fault. Let us describe it. The Commission for executing the office of Lord High Admiral consists of six lords commissioners and two secretaries. The ords commissioners and two secretaries. The and share in all dehates, either affecting the party First Lord is generally one of the junior states in power, or the navy. It will be very evident men forming the Cabinet, and by virtue of the that much of the success of such a civilian adcharacter of his office is subordinate, we pre-sume, to all the other secretaries of state. The whom he selects, and that person sintimate know. second lord must necessarily be a naval officer, ledge of the royal navy and its officers. What and is generally termed the first sea lord. The the first sea lord has to do with the Royal Navy, rule with respect to the other lords is not arbitrary. They might, we believe in the event of which, like all the others, is under a Lord of the Opposite the Oriental Bank. political exigencies rendering it necessary, be Admiralty - I have had ninety-seven masters either civilians or dragoons, but as a general since I have been under the Admiralty What rule, three of them are naval officers of high one board of Admiralty may consider right anrank, always either admirals or captains; and other Board of Admiralty may consider to be the fourth is now a civilian with a scat in the wrong, and there is no individual responsibility. House of Commons. He may be an able administrator, a jobber or a young nobleman just have a very clear view of accounts, and he cutting his teeth and making his experiences may like accounts kept upon a certain principle, of official life at the cost of the navy. That is a correct may like accounts kept upon a certain form, and he mere matter of accident. Of the two secretary- possibly may differ from my practical view as ships one is a political appointment, the occurrent; another lord coming in may pant changing with the Government; the other take the opposite view, and coincide with my government. They may, as at present, be view, and upset what has been done by the pre- Moore & Co.'s Premises, nearly opposite the both of them divilians, in no way connected cedling lord; therefore there is no responsibility. with any branch of naval service. The permanent secretary of the Admiralty is the only member of the Board who does not lose office me that even the First Lord is responsible in the last thirty- that sense, because an alteration is made and CITORAGE for any kind of GOODS, can be six years we have had eighteen First Lords of it is again altered upon a change of Ministry. Dead at Wondard, ou very moderate terms, Company, are prepared to grant Policies against the Admiralty; they bave thus held office for ... Under the existing system no one is really cither with or without Fire Insurance, in the Sea Risks at current rates, an average of two years each; and the other responsible have making would fall bank godowns of the Undersigned, to whom please seats at the Board have been filled during the and say, Oh, I did it as a member of the apply same period by no less than one hundred and Board." ten persons. Can it be possible that under such circumstances there should be any decided or permanent policy or course of improvement adhered to in either the materiel or personnel of in time to be present at the Paris Exhibition, the navy? And this will become still more provided his official duties permit him to spare apparent when we turn to the multiferious the time accessary for the journey.-Times. luties which the other lords have first to make. themselves master of, and then to administer. The First Lord of the Admiralty, that is, the Houses, Lands, Tenements, &c civic lord, assisted by a private scoretary, has the following departments under his immediate TO LET. control:-The general direction of the navy, which might be best expressed by the word "everything." for the Admiralty, so far as its naval executive work is concerned, is very like a great war ship, and the first sea lord its first lientenant. He supervises the constructive de-ING CORPORATION. partment of the navy and its dockyards, having the controller, as the officer is called, under him. Ho regulates the distribution of the flects and ships in all parts of the globe. He is res ponsible for their equipment, length of commissions, armaments, complement of men, their state and efficiency, the reserve of ships in big BACKS, containing 7 Booms, Bath Rooms, Go department, the protection of our trade abroad, our fisheries at home, the discipline of the fleet, the appointment of the first limitenants, the revision of all courts martial and courts of inoning, the accuracy and justice of all the volunumous punishment returns from the fleet; and had immediately. For terms, apply to lastly, he has to see to the efficiency of the prilastly, he has to see to the officiency of the private and public signals—the language of the ilest. The next see ford's duties comprise the manning of the fleet, the marines and marine artillery, coastguard, naval volunteer reserve the control of all the junior executive officers of the navy below the rank of commander: and the supervision of the royal mayal educational establishment. The third sea lord is responsible to the Board for the medical department, hospituls and hospital ships; the active surveys of lofty Collurs or Godowns. every part of the globe, called the hydrographic department: the possion system the full pay of every officer and seaman, as well as all ques-Storeroom and Bathroom. tions of allowances, prize money, salvage, compersations, pilotage. The charitable in stitutions of the navy also come within his sphere. The fourth sea ford has the victualling departmeat, store department, for all the fleets and rooms, Stabling, Coach-House, &c. dockyards, transport of troops, freight of stores for the army and navy, convict service, and the control of all the paymaster brauch of the service. The civil junior lord has the accountant general's department, the direction of public naval works, the contract department, the supervision of all funds, property, churches, schools, and buildings belong to the service. upon the multiplicity of the sub jects for which may of these fordships of the Admiralty is responsible, and try to measure the magaitude of some of them, which in the "distribution of business" paper are dismissed. with a word. Think, for instance: what the medical department means. A vast machinery of a semi-military character for preserving the health during peace, and meeting the surginal requirements in war, of a vast body of officers, sailors, marines, coatguardsmen, and reserve, who owe the royal may allegiance; and also for Messre, H. Jurgens & Co. Possession can be had at once. managing hospitals, naval and military, affoat or on shove, in the event of combined operations of the two services; it means the purchase and SEVEN NEW GODOWNS, in rear of the expenditure of medicines and medical atores. annervision of medical officers and their prac tice in every part of the world the establish ment of some hundred sick quarters abroad and at home, and the account to the uttermost farthing of about a quarter of a million per annum, at the very least, of the public money. And

this department, it must be remembered, is ony one out of twenty-two for which the third sea lord is responsible to the first civil lord, who, as may be seen, has a wisne of his own sufficiently varied for the appetite of the most greedy Out of the fourth sea lord's list of subjects we will select two, premising that he is generally a mere tyro in administration, often a political, rather than a professional, support to the Admiralty Board. He is responsible for the victualling department and the storekeeper general's department. We should cover sheets were For further particulars, apply to we to attempt to convey to our readers all the multifarious duties, all the ramifications, of these wo most important departments, spread as their business is over every quarter of the globe, to every port visited by a British pendant, in every city and every mart where food is sold or stores to water frontage. Apply to P. & A. C. are procurable. One may conjecture the im-mense system of accounts, of check and counter—tf. 1723. Hongkong, 11th August, 1866. check, the foresight and commercial acumen. necessary to take care that a brass screw shall not be wanting in Hong Kong, nor blankets at:

Cape Horn, that a sudden outbreak of hostilities in China shall find the navy ready to feed ten regiments more without an effort, that Jack's regiments more without an effort, that Jack's prising a superficial arcs of about 19,000 square coup in harbour is flavoured with early vege. prising a superficial area of about 19,000 square tables, and his library supplied properly. The same naval department which is called to account if the salt meat is too hard at Trincomales bas, strange to say, to feed our military camps in England and Ireland, and to violual the transports carrying our soldiers to and from the colonies of Great Britain. This might even have appalled Earl Russell in his palmy days but it forms only a fraction of what the fourth sea lord one or two. is responsible for. What a perversion of the Apply term. Why the admirable Crichton would have failed in such a tack; and we can safely aver that were these officers to be put in the witnessthat were these officers to be put in the witness-box to-morrow, they would each have at least to say what the Duke of Somerset virtually did before the very meek and weak parliament-ary committee of 1861:—"I am responsible, it is true, for the whole management of the departments mentioned on the business paper, but of course there are a vast amount of details going on, which it is impossible I should know; the day is really not long enough for mentioned management of subjects which come.
